The EURO Excellence in Practice Award was awarded on July 4, 2013, at the Joint **EURO/INFORMS** Conference on Operational Research at Sapienza Università di Roma to

Prof. Dr. Peter Gritzmann, Dr. Steffen Borgward (TUM) and **Prof. Dr. Andreas Brieden (UniBw München)** for their outstanding work on

Geometric Clustering for the Consolidation of Farm- and Woodland.

The EURO Excellence in Practice Award recognizes distinguished accomplishments in the practice of Operational Research of outstanding scientific quality, and high impact to practice.

EURO is the Association of European Operational Research Societies within the International Federation of Operational Research Societies. **INFORMS**, the Institute for Operations Research and the Management Sciences, is the largest society in the world for professionals in the field of operations research management science, and analytics. The conference EURO/INFORMS MMXIII ROME was attended by more than 3500 participants.
