

Discrete Optimization (MA 3502), WiSe 2012/13

Prof. Dr. P. Gritzmann, Dr. René Brandenberg
Supplementary Problem Sheet 3

Problem 3.1

Compute the dual of each of the LPs constructed by the algorithm in Problem 6.2 of the exercises and solve it with the simplex algorithm in tableau form.

What do you observe?

Submission: by Monday, 14:00 in the week following the exercise class, in the metal cupboard at the beginning of the M9-finger or in my office.

Please submit your work in groups.
